

## NALWO

Fermi National Accelerator Laboratory Women's Organization  
co-sponsored by the Creative Writer's Club  
invites you to a Poetry Reading event  
on April 1st, 12 Noon – 1 PM  
Curia 2, by the Art Gallery in Wilson Hall

Inaugurated by the Academy of American Poets in 1996,  
National Poetry Month is now held every April.  
To celebrate poetry and its vital place in American culture, we start  
the series of two events with a reading of  
works by Bakul Banerjee,  
followed by reading of poems by Kathy Johnson.

Please come and bring a few of your  
favorite short poems  
and – time permitting – we will  
read many of the diverse works  
of poetry.

The second event of the series will be held on April 29th.  
Please look for our announcement, as more information will follow.

For more information please contact Annamaria Feher at

their families to this event.
